DETAILED ACTION

Allowable Subject Matter

1. Claims 1-44 are allowed.
2. The following is an examiner's statement of reasons for allowance: The Examiner agrees with Applicant's arguments, presented in the Amendment filed on November 26, 2003, that the closest prior art, namely the Gentry reference, fails to teach or reasonably suggest the cigarette with improved filter having a "bed of adsorbent particles" in combination with ventilation and flavor-releasing component located downstream of said bed. The Gentry reference fails to disclose the claimed "bed" of adsorbent particles, the term "bed" having a Merriam-Webster's dictionary definition which is understood to encompass a "mass or heap resembling a bed" (See "Merriam-Webster's Collegiate Dictionary – 10th Edition"). Therefore, the claims are allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
